HYALUCOLL TP2

UNLEASH THE POWER OF YOUTHFUL RADIANCE

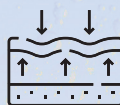

THE FUTURE OF SKINCARE IS HERE

Say goodbye to dull, aging skin and hello to timeless beauty. Hyalucoll TP2 redefines skincare by combining cutting-edge science with the best of nature. It's not just a product—it's a revolution for your skin!

WHY HYALUCOLL TP2?

Because You Deserve the Best Version of Your Skin.

AGE GRACEFULLY:

Restore firmness and elasticity for a sculpted, youthful look.

STAY GLOWING:

Maintain proper skin hydration for a healthy, luminous complexion.

BE RADIANT:

Reduce wrinkles, scars, and stretch marks with powerful hydration and renewal.

LOOK GOOD, FEEL GREAT—LET YOUR SKIN DO THE TALKING.

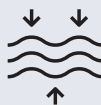

THE POWER OF TRANSFORMATION

TRYPEPTIDE-2

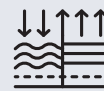

BOOSTS COLLAGEN AND ELASTIN PRODUCTION:

Tripeptide-2 is known to stimulate fibroblasts, which are responsible for producing collagen and elastin, essential proteins that provide skin firmness and elasticity.

IMPROVES SKIN FIRMNESS AND PLUMPNESS:

It reduces sagging skin by reinforcing the skin's structural network, making it appear firmer and plumper.

REDUCES WRINKLES AND FINE LINES:

By promoting collagen production, Tripeptide-2 helps smoothen the skin's surface, reducing the depth and visibility of wrinkles.

SCIENTIFIC REFERENCES:

Schagen SK (2017). Topical Peptide Treatments with Effective Anti-Aging Results. *Cosmetics*, 4(16). doi: 10.3390.

HYDROLYZED COLLAGEN

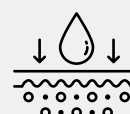

REVITALIZES SKIN'S STRUCTURAL INTEGRITY:

Hydrolyzed collagen is broken into smaller peptides, making it easier for the skin to absorb and use to rebuild its structural matrix.

REDUCES WRINKLES, SCARS, AND STRETCH MARKS:

Regular use improves dermal density, smoothing scars, and reducing the appearance of stretch marks and fine lines.

HYDRATES THE SKIN:

It supports the skin's natural moisture barrier, retaining hydration and improving skin elasticity.

INDICATIONS PERFECT FOR:

Dry and dull skin

Fine lines
and wrinkles

Loss of elasticity
and density

Dehydration

WHERE TO USE

WHY

The face is the primary area where aging signs such as wrinkles, fine lines, and loss of elasticity appear. These ingredients work to smooth and firm the skin, providing a youthful glow.

CONCERNS TREATED

Crow's feet, nasolabial folds, dullness, and sagging skin.

WHY

Hands are prone to dryness, thinning, and the formation of wrinkles due to constant exposure to the environment. These ingredients improve hydration and elasticity.

CONCERNS TREATED

Loss of firmness, wrinkles, and uneven skin tone.

WHY

The neck often shows early signs of aging due to thinner skin and less natural collagen. Applying these ingredients can tighten and rejuvenate this delicate area.

CONCERNS TREATED

Wrinkles, sagging, and loss of skin density.

WHY

The décolleté (chest area) is exposed to sunlight and environmental damage, leading to wrinkles, sunspots, and loss of elasticity. These ingredients hydrate and repair this area.

CONCERNS TREATED

Fine lines, dryness, and discoloration.

FACE

HANDS

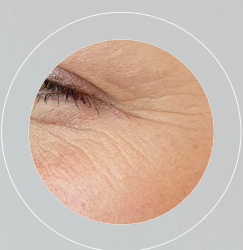

NECK

DÉCOLLETAGE

RECOMMENDED USAGE PROTOCOL

- **Application Areas:** Face, neck, décolletage, hands.
- **Frequency:** 1 vial per session, every 7–14 days for a total of 4–6 sessions.
- **Suitable for:**
 - Individuals experiencing early signs of aging.
 - Those looking to maintain hydration and skin density.
 - Patients recovering from skin damage or scarring.

SPECIFIC SKIN CONCERNS TO TARGET

1

WRINKLES AND FINE LINES

HOW IT HELPS

Tripeptide-2 stimulates collagen and elastin production, while Hydrolyzed Collagen replenishes structural proteins, reducing the depth and appearance of wrinkles.

2

LOSS OF ELASTICITY AND FIRMNESS

HOW IT HELPS

Tripeptide-2 and Sodium Hyaluronate work together to tighten and plump the skin, making it look firmer and more lifted.

3

DRYNESS AND DEHYDRATION

HOW IT HELPS

Sodium Hyaluronate provides deep hydration by attracting and locking in moisture, leaving the skin soft and supple.

4

SCARS AND STRETCH MARKS

HOW IT HELPS

Hydrolyzed Collagen supports tissue repair, helping to smooth scars and minimize stretch marks over time.

5

DULL AND UNEVEN SKIN TONE

HOW IT HELPS

By improving hydration and stimulating collagen, these ingredients brighten and even out the skin's texture and tone.

HOW TO USE

1 RECOMMENDED AREAS

Face, neck, décolletage, and hands.

2 TREATMENT PLAN

1 vial per session every 7–14 days.

3 RESULTS

Noticeable transformation after a complete cycle of 4–6 sessions.
